

Sope Creek Elementary School Foundation, Inc.

Dear Neighbor to Sope Creek Elementary,

We recognize that we live in one of the greatest communities in the nation! We are fortunate to have top-notch educational institutions all around us which attract many people to settle in our school district.

Sope Creek Elementary has a fantastic opportunity in front of us to improve our school and add value to the greater Sope Creek Community. The addition of 12 new classrooms will leave an annex of the school with room for a STEM lab area. STEM stands for Science Technology Engineering and Math. This hands-on lab would be used by ALL 1100 plus (Kindergarten through Fifth Grade) students at Sope Creek Elementary and their teachers.

The space would also allow for more After School Programs and space to host guest authors and speakers. Foremost, Sope Creek would proudly house the first dedicated STEM lab in the County!

The County has agreed to bring the building to code...so the remaining renovation would involve reconfiguring classrooms, adding electrical, lighting, and plumbing. We currently anticipate the cost at \$60,000. We have already raised close to \$27,000.

We are excited to bring this news to you as you have been selected as a person with interest in the Sope Creek Community. Perhaps you are an alumnus or know a student enrolled at Sope Creek now!

If you would like to donate to our goal...it would be greatly appreciated! All donations are tax deductible and any size donation will help us reach our goal!!

If you choose not donate financially, we understand! Your encouragement of Sope Creek progress goes a long way in sustaining the greatest school district around! To learn more about this project and other exciting things going on at The Creek, visit our website at www.sopecreekfoundation.org

Respectfully,

Sope Creek Student
Your neighborhood liaison from Sope Creek Elementary,
